THE BOOK OF THE NATION;"-THE OLDEST MAGAZINE IN AMERICA-Published by the present Proprietor for twenty years-Edited by Mrs. Sausa J. Halk.

THE publisher of the Lady's Book. knowing how completely he put down eli opposition in 1849, and being assured that the public is also acquainted with this fact, deems it only necessary to say that in 1850 he will improve on 1849; and he will, as usual, give more reading and more engravings than his cotemporaries.

Comparison between Godey and the other Philadelphia Monthles.

In 1849, the Lady's Brok gave 916 pages-which is 116 more than one, and 148 more than the other Philadelphia monthly. He gave 218 engravingamong which are 20 colored, and 93 tuli page 136 more than one, and 160 more, have witnessed with a tonishment the won than the other.

We gave, in each number, a piece of music, printed separately on tinted paper, making 24 pages, or 12 pieces in a year. To show the cheapness of the Lady's Book. this same music, if bought separately at the music stores, would cost exactly the price of the whole subscription -- \$3.

The Colored Fashion Plates alone cost cost us an immense sum of money; but publisher to a large subscription list, the as a general tonic or strengthener. Lady's Book is entitled to it.

Some of our peculiar Embellishments. Ladies' Work Table, which comprises every kind of Needlework, Embroidery, Knitting, Netting, Crochet, Patterns for Caps, Chemisettes, Children's Clothes, Wedding Dresses, In-door and Out-door Costumes ; Birds of America ; Colored Plower Plates; Model Cottages and Furniture : Pashionable do : Lace-Work ; Vignette Plates at the head of articles, etc. etc. All the above are illustrated by engravings, 'llustrative of

The Costumes of all Nations. with descriptions by Mrs. Hale. Most of the old features of the Book that were so popular last year, will be retained, and new ones added as they may suggest them selves to the publisher.

A NEW NOVEL, By Gilmore Simms, will be one of the Features for 1850.

Fr Reading Matter. We have long stood at the head of the Magazine world for our contributions ; they are always moral and instructive, and such as may be placed before a family without besitation. This department is under the control of Mrs. SARAH JOSE. PHA HALE, whose name alone is a suffi cient guarantee for the propriety of the Lidy's Book. We may say the same of our engravings. We will never, as it is done by a cotemporary, publish indecenmodel artist pictures, such as no paren

would allow a child to look at. We will not here parade the names of our contributors; it is not necessary; Godey's Lady's Book and its proprietor are too well known for us to take up space to enumerate the names of those who, by their writings, have placed themselves, at the head of the authors of this country We kaye much more than fulfilled our promises, and enter upon the year with s new one, which those who know as-and who does not !-will believe.

Godev's Lady's Book for 1850 will surpass that for 1849, and exceed all other magazines past, pree'n', and to come.
